The original source of this document was:

Coalition for Networked Information Information Policies: A Compilation of Position Statements, Principles, Statutes, and Other Pertinent Statements

Several typos have been corrected and thousands of blank spaces used for indentation and trailing spaces have been removed. Widows and orphans have been eliminated from paragraphing. You can get the original from which this was created via ftp wiretap.spies.com as anonymous, cd Gov, cd Copyright

We are now trying to release all our books one month in advance of the official release dates, for time for better editing.

The official release date of all Project Gutenberg Etexts is at Midnight, Central Time, of the last day of the stated month. A preliminary version may often be posted for suggestion, comment and editing by those who wish to do so. To be sure you have an up to date first edition [xxxxx10x.xxx] please check file sizes in the first week of the next month. Since our ftp program has a bug in it that scrambles the date [tried to fix and failed] a look at the file size will have to do, but we will try to see a new copy has at least one byte more or less.
