****Welcome To The World of Free Plain Vanilla Electronic Texts****

****Etexts Readable By Both Humans and By Computers, Since 1971****

These Etexts Prepared By Hundreds of Volunteers and Donations

Information on contacting Project Gutenberg to get Etexts, and further information is included below. We need your donations.

The Second Book of Modern Verse

Edited by Jessie B. Rittenhouse

January, 1998 [Etext #1166]

The Project Gutenberg Etext of The Second Book of Modern Verse *****This file should be named sbkmv10.txt or sbkmv10.zip*****

Corrected EDITIONS of our etexts get a new NUMBER, sbkmv11.txt. VERSIONS based on separate sources get new LETTER, sbkmv10a.txt.

This etext was prepared by Alan R. Light (alight@vnet.net, formerly alight@mercury.interpath.net, etc.). To assure a high quality text, the original was typed in (manually) twice and electronically compared.

Project Gutenberg Etexts are usually created from multiple editions, all of which are in the Public Domain in the United States, unless a copyright notice is included. Therefore, we do NOT keep these books in compliance with any particular paper edition, usually otherwise.

We are now trying to release all our books one month in advance of the official release dates, for time for better editing.

Please note: neither this list nor its contents are final till midnight of the last day of the month of any such announcement. The official release date of all Project Gutenberg Etexts is at Midnight, Central Time, of the last day of the stated month. A preliminary version may often be posted for suggestion, comment and editing by those who wish to do so. To be sure you have an up to date first edition [xxxxx10x.xxx] please check file sizes in the first week of the next month. Since our ftp program has a bug in it that scrambles the date [tried to fix and failed] a look at the file size will have to do, but we will try to see a new copy has at least one byte more or less.

Information about Project Gutenberg (one page)

We produce about two million dollars for each hour we work. The fifty hours is one conservative estimate for how long it we take to get any etext selected, entered, proofread, edited, copyright searched and analyzed, the
